

mps PILOT

I know mps PILOT as a passionate DJ who travels the world in search of new tunes! For that you need to be a bit cheeky, slightly crazy and you need a lot of adventure in your genes. And that's exactly what you hear in his music. Respect.

Erwin Schellekens, Festival Mundial, The Netherlands

mps PILOT proved to be probably the best guest DJ we ever had.

Russ Jones, Future World Funk, UK

As resident DJ of the Amsterdam Roots Festival mps PILOT is one of the few DJ's with an unbelievable mix of exciting dance and world beats, capable of moving crowds of thousands, every time, worldwide.

Frans Goossens, creative director of the Amsterdam Roots Festival

As festival organisers we were not sure what to expect from mps PILOT....almost instantly everybody started dancing.....and then the rain came down!.....mps looked like nothing happened.....so the 400 party people continued till early in the morning despite the odd shower and the January cold.

John P. Singh, creative director of the Jaipur Heritage Festival, India

BIOGRAPHY

mps PILOT is a worldwide renowned & experienced Dutch DJ / Producer, fanatic traveller, he's musically trained and has a background in ethnomusicology. In our digitised, globalised culture, musical boundaries are blurring, creating new hybrid genres. So like no other, **mps PILOT** has his finger on the pulse of new and upcoming global electronic styles from and influenced by Africa, the Middle East & India. mps PILOT's DJsets take in all of these genres and more. If you'd like to hear him focusing on one specific style, check out some sample DJ sets devoted to the Orient, Africa or Asia. mps PILOT is always chasing local released quality productions, original beats, unreleased remixes and exclusive tracks. The reason for his DJ repertoire to vary in between the best worldwide future music productions and vintage sounds.

Being a **DJ** mps PILOT grabs audiences with his inspired selection, Dutch style seamless mixing and deep knowledge. No pre-planned sets for him: once the beats begin, his well-honed intuitive skills kick in. Lost in the music and immersed in the flow of the moment, he senses the crowd, draws them in and becomes one with his work. His rock solid sets are packed with the wickedest of tunes – he's having fun and he makes sure the crowd does too. He has done that celebrated worldwide renowned festivals such as **Sziget, Paleo, Lowlands, Amsterdam Roots, S'inks, Mundial, Festival in the Desert, Amsterdam Dance Event, Timitar, North Sea Jazz, and many more.** And still, for him there is also nothing like his guerilla gigs at street on odd spots or before a wedding crowd in India. Here he gets inspired to keep on performing out of the box.

As a **producer** mps PILOT made official and critically acclaimed remixes for Skip&Die, Tony Allen, Zuco 103, The Palenke Soul Tribe, Gypsy Hill, Tigerstyle, Donso, the Palenke Soul Tribe, The Amsterdam Klezmer Band and even Steve Reich. Together with Streamer mps PILOT released several remixes under the name StreamerPilot. Travelling widely and often, mps PILOT **collaborated** with artists in Mali, India, Egypt, Turkey and a slew of international artists based in Amsterdam. Percussionists, dancers and musicians such as Super Onze (Mali), The Akatay Brothers (TR), Mazaher (Egypt) Job Chajes (Amsterdam Klezmer Band/NL) Sjahin During (Arifa/NL), Alper Kekeç (TR), tribal fusion dancer Tjarda (NL), Rimbaax (SN), Praful (DE), and Afra Mussasiwade (IR).

Nothing can quite match an mps PILOT live DJ set, but for the full online experience check out his DJ sets on **Mixcloud** and watch recent live **videos** of mps PILOT; [Paleo Festival](#) | [Sziget](#) | [North Sea Jazz](#).
